

AS A MAN SOWS, SO SHALL HE REAP

Hosea 10:12-14

1. What are the two things that Hosea tells God's people to do?
2. What time does he say that it is?
3. What would be the results for them if they were to do these things?
4. Up until this time Israel had not been sowing and plowing as they ought to have been doing. What were the three things that they had actually been doing?
5. How was it that they had been doing these things?
6. What would be the result of their actions?
7. Take some time to look at your own life. Have you been sowing righteousness and reaping steadfast love or have you been trusting in your own way and your own strength and plowing iniquity and reaping injustice?
