

AFLC Evangelism & Discipleship

We seek to provide tools and resources to congregations, pastors, and individuals as they do the work of evangelism and discipleship in their unique contexts.

We are in the early stages of updating our website to be more user-friendly and to include:

- ◆ Reviews of popular and new evangelism and discipleship programs, books, tools, etc., from a Free Lutheran perspective
- ◆ Current ministry information about projects and prayer requests
- ◆ Better tools to contact us, to see our financial situation and specific support needs, and to improve giving options

We are also partnering with Pastor Scott Stroud, author of "Get Out for Good: A practical biblical guide for released prisoners and their families", to create a "how to" guide for prison ministry.

Please contact Pastor Randy Nelson if you have questions or suggestions regarding evangelism and discipleship tools and resources that can benefit you and your congregation!
