

Oil Patch Outreach

*Evangelism:
The heart
of
the AFLC*

The oil field is a gigantic cross cultural mission field. The AFLC Coordinating Committee has a vision for ministry in the Oil Fields of Western, North Dakota.

Because of that vision a 2 man exploration team was sent out to see how the AFLC could come a lot side of the local AFLC congregations to Minister to the oil field workers.

We put together a 10, 9, 8... presentation so we want to share this with a little explanation on some of the points.

-
10. The cost to drill the average well: **\$10 Million**
 9. The cost for meals at the Capital Lodge near Tioga ND: **\$900 a month**. Some lodges cost more! One charges \$22 for the evening meal a lone. The term "man camps" is what many people call a lodge.
 8. Halliburton has spent **\$80 Million** in capital expenditures in Williams County.
There are a number of oil companies that have also put \$10-\$20 million in to capital expenditures in the Bakken Oil Field.
 7. It's expected that **700-800 babies** will be born in Williston, ND in 2012. The average class size in Williston High School is currently 200 students!
 6. **\$699** is the cost for a week for a room at Value Place motel. A motel in Tioga, ND changes from \$199-\$219 per night. The "man camps" cost a little over \$100 a night.
 5. We found **5 men** that sleep in their vehicles at an Exxon station near Wal-Mart in Williston, ND. These men thought they could sleep in their cars all winter long! Some of these men were from California.
 4. There are **4 new stoplights** on US Highway 2, Rural Williams County!
 3. We found **3 men** eating Ramen noodles from water being heated by a coffee pot plugged into a welding truck! This was not unusual. These men were also looking for jobs.

The 50th Anniversary offering on November 25th will be used to support ministry to the oil field workers.

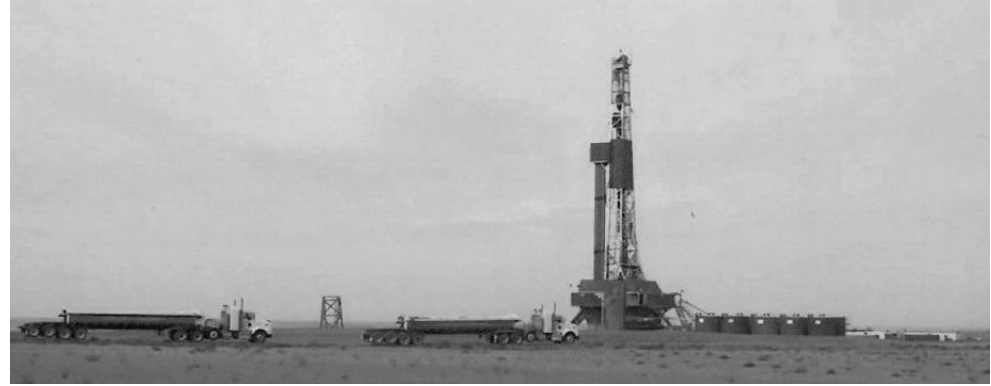

- Truckers New Testaments cost \$2.50 each.—great tool
- Devotional DVD's are \$10 each
- The main focus is finding young men to move to Western North Dakota and live in the man camps. We would like to help them get established in a man camp.
 - 1) Each man must be accountable to a local AFLC congregation.
 - 2) Each man must have an accountability partner.
 - 3) Each man must sign to be committed to minister for 9 months.
 - 4) Each man must be willing to be there to be used by God to be involved in ministering to oil field workers.
(Bible Studies, Discipling, etc...)
