

**FLY Beyond 2020** features a physical camp with the following preparations. The Association Retreat Center (ARC) is making the following efforts, in order to hold an in-person camp experience as reasonably safe as possible.

**ARC COVID-19 Preparations – Sunday, July 19 through Thursday, July 23, 2020**

**Precautions** – The physical camp will prevent potential spread through cleaning and disinfecting public surfaces by ARC staff that receive high contact.

**Meals** – Attendees will be encouraged to practice regular hand washing before meals. There will be no open buffet serving as ARC staff will plate each meal, served with safety barriers.

**Lodging** – The ARC will work with AFLC Youth Ministries for spacing attendees over more rooms, prioritizing families and attendees from the same congregation staying together.

**Outdoors** – FLY Beyond will utilize outside settings for small groups and activities. The ARC will prioritize teens' safety throughout the camp. Masks will be welcomed, but not required.
